THE CITY DIRECTORY

Does not compete with any other advertising medium, but supplements and complements all other forms of mercantile publicity.

Intelligent Directory Advertising describes desirable merchandise attractively and directs you to the door of the man who has it for sale.

A GREAT CITY DIRECTORY ORGANIZATION SERVING

3,651,320 People in the most densely populated area in America

Annually, with a trained organization within these five states, serving one hundred and forty-one communities, each street and building is thoroughly canvassed for new names, changes and verification of prior information, after which by trained investigators, sections are again recanvassed to keep our name takers keyed up to a high degree of accuracy.

Through the process of sorting, compilation and still greater refining for accuracy, each name is handled twelve times as it becomes a part of the five departments when combined and printed into city directories, renders a service unsurpassed for those who know that without knowledge, activities become wasteful, confused and subject to duplication.

The PRICE & LEE COMPANY

Over 75 Years Making Good Directories Better

NEW HAVEN SPRINGFIELD HARTFORD NEWARK

A SUMMARY

Suggested and Planned by American Community Advertising Association
Adopted as a regular feature in all directories published by the
Association of North American Directory Publishers

Police Department: 377 regular paid employees and 60 school traffic supervisors, 46 pieces of motor equipment, 3 stations.

Public Works — 1961

Total paved miles of public streets, 310.673. 5.073 miles of public streets accepted. Miles of storm and sanitary sewers, 500.913, with 10.986 miles of sanitary sewers and 5.408 miles of storm water drains constructed in 1960. Reconstruction of 4.429 miles of city streets and construction of .804 mile of highway under state aid. All sewage is treated and purified before discharge into the Connecticut River. Public waste and garbage collections provided for all residences and businesses, with downtown collections nightly and collections weekly from curb.

Telephone — (Feb. 1, 1962)

There were 106,352 telephones in the three exchanges which serve Springfield, West Springfield, Indian Orchard and Agawam.

Telephone rates: one-party resident line, $6.00 plus tax; two party line, $4.90 plus tax; four-party line, $4.05 plus tax. Business lines: (1) measured business line, local service, $8.80 plus tax, allowing 80 calls; 5¾¢ each additional call; (2) straight business line, $16.30 monthly rate plus tax.

Water — 1961

Rates: First 5,000 cubic feet, 24¢ per 100 cubic ft., 5,001 to 60,000 cubic feet, 16¢ per 100 cubic ft. Over 60,000 cubic feet, 9¢ per 100 cubic ft.

Service: Capacity of water works, 45 to 60 million gallons per day with average daily consumption of 32.8 million gallons; total capacity, 25 billion gallons. Present supply by gravity could adequately serve three times the present population served.

SPRINGFIELD GAS LIGHT RATES, JANUARY 1, 1962

Household Rate — First 100 cu. feet $1.15; next 400 cu. feet at 32½¢ per 100 cu. feet; excess 25¢ per 100 feet.

Water Heat and Refrigeration — First 500 cu. feet at $2.45; next 500 feet at 25¢ per 100 cu. feet; anything above is 16¢ per 100 cu. feet.

Heating Rate — First 500 cu. feet at $2.45; next 500 at 25¢ per 100 cu. feet. Next 2,500 at 16¢ per 100 cu. feet. First 60 hour use of demand at 15½¢ per 100 cu. feet. Over 60 hours of demand at 12½¢ per 100 cu. feet.

Service — The area is served by two natural gas pipelines. On January 1, 1962 there were 792 miles of mains and over 66,000 meters.

WESTERN MASSACHUSETTS ELECTRIC RESIDENTIAL LIGHT RATES, JANUARY 1, 1962

Residential Schedule A-1 — First 12 KWH or less, $1.00; next 88 KWH at 3½¢ per KWH; balance over 100 KWH is 2.8¢ per KWH. As of January 1, 1961 the typical monthly 250 KWH residential usage amounted to $8.27.

Optional Residential Schedule A-H — The standard energy rate is the first 400 KWH or less computed at rate of available residential schedule. All over 400 KWH at 2.1¢ per KWT. Inducement energy rate—all KWH's used between 11:30 p.m. and 7:00 a.m. or such other hours as the company may deem advisable but not less than 7½ hours daily shall be at the rate of 1.3¢ per KWH.

Water Heating — For off-peak storage water heating — first 50 KWH, 3¢ per KWH; over 50 KWH, 1¢ per KWH.

Service — Three bulk supply stations in City directly interconnected with 115,000 volt underground cable surrounding the City. Approximately 66,000 meters serve the public.

FINANCIAL SITUATION

Earnings and savings in this area are high. Cash savings, savings banks, and savings and loan associations in the Springfield Area were estimated by Future Springfield, Inc. to be over $1,000 per capita in 1959. Moreover, the prospects remain good for the continuing availability of risk capital in the Springfield Area.

Springfield has four commercial banks, five savings banks, and three savings and loan associations. The city was chosen as the logical location for the establishment of the district branch of the Federal Farm Credit System covering New England, New York and New Jersey, and comprising the Federal Land Bank, various Production Credit Associations, the Federal Intermediate Credit Bank, and the Springfield Bank for Co-operatives.

MASSACHUSETTS MUTUAL LIFE INSURANCE COMPANY 1295 STATE STREET, SPRINGFIELD

The Massachusetts Mutual Life Insurance Company was founded in 1851 and is one of the oldest companies in the country. It now has 111 general agencies, 40 group insurance offices, and 9 mortgage loan and real estate offices in key cities throughout the United States.

With assets of over $2.6 billion, Massachusetts Mutual today ranks 10th among the more than 1,500 life insurance firms in the nation. The company's life insurance sales have more than trebled in the past decade and currently total over a billion dollars annually. Massachusetts Mutual has more than $9 billion of insurance in force, protecting more than one million persons, and in excess of $2 billion has been disbursed to policyholders and beneficiaries since the company was organized. Described as "particularly a policyholder's company," Massachusetts Mutual enjoys a nationwide reputation for the quality of its policy contracts and service and its outstanding professional sales force.

Springfield Insurance Company and Monarch Life Insurance Company became affiliated in 1958. These companies, with their affiliates, are now known as Springfield-Monarch Insurance Companies and write all major forms of insurance.

Springfield Insurance Company ("Fire and Marine" was deleted from the corporate name of the company as of December 31, 1960) was incorporated in 1849 and has paid dividends to stockholders continuously since 1867. Monarch Life was founded in 1901 and is one of the nation's leading writers of non-cancellable, guaranteed continuable health and accident insurance with a guaranteed premium rate. The other companies in this group are: New England Insurance Company, Springfield, Mass.; Freeport Insurance Company and Horizon Insurance Company, Freeport, Ill.; The Standard Insurance Company, Tulsa, Okla.; and Springfield Life Insurance Company, Inc., Brattleboro, Vt.

These two insurance organizations (Massachusetts Mutual and Springfield-Monarch) employ over 2,800 persons in the local area.

This digest of the history of Springfield's two largest insurance companies is intended to indicate the scope of one of the city's white collar industries. The city's claim of diversification does not apply alone to diversified manufacturing. We have maintained a healthy balance between diversified manufacturing and diversified service industries of which insurance is a fine example.

Springfield College Memorial Field House, dedicated in February, 1948, to Springfield College Students and Alumni who died in World War II.

THE CROSSROADS OF NEW ENGLAND

Springfield is the Western Gateway to New England. The city's effective location serves to enhance the area as a transportation, industrial and trade center.

In transportation the greater Springfield Area is bisected by two major highways and serviced by two major commercial airports and three major railroads. Tourists drive on excellent roads to Springfield, to the rest of Massachusetts and to the other New England states. The construction of U. S. Route 91 will eventually place Springfield and the surrounding area along a continuous expressway from Philadelphia to Canada.

For over one hundred years Springfield has been characterized by widespread industrial diversification and outstanding skill among its mechanical trade workers. Of more recent origin has been Springfield's development as a trading center.

The city attracts persons from the greater Springfield Area who seek ample shopping facilities, excellent stores, fine restaurants and hotels. Particularly in recent years the city has grown as a wholesale as well as a retail center. In the greater Springfield Area are also located the Eastern States Farmers' Exchange, the Hampden County Improvement League and other agencies working for agricultural improvement in New England.

The Springfield Area has an ample share of fine hotels and motels and each year the city of Springfield becomes headquarters for approximately 36,000 convention delegates. The Greater Springfield Chamber of Commerce operates a Convention and Visitors Bureau which actively solicits convention business. For over sixty years it has functioned as a counsel and guide to those seeking information and advice about Springfield. Future Springfield, Inc. is another research agency which makes reliable studies based on full time research on Springfield and the greater Springfield Area.

THE CITY TODAY

Springfield was settled in 1636 as a colonial outpost by a band of men led by the explorer and entrepreneur, William Pynchon. The outpost became a town in 1641 and was incorporated as a city in 1852. The smaller towns of West Springfield, Longmeadow, East Longmeadow, Ludlow, Agawam and the city of Chicopee eventually grew up adjacent to the original settlement.

The city and the rest of the Springfield-Holyoke Metropolitan Area have grown to a population of approximately 477,000, according to preliminary returns of the 1960 Federal Census. Excellent turnpike routes make Springfield accessible to Boston (90 miles), New York City (126 miles), and Albany (94 miles).

BUSINESS SECTION — CITY OF SPRINGFIELD

PUBLIC SERVICE INSTITUTIONS

Springfield is fortunate in having public utility organizations which aid in the development of the community. Under the municipality there operates a Springfield Water Works which provides the community with excellent drinking water piped to the city from the eastern foothills of the Berkshires. An excellent reservoir system of great capacity provides a flow adequate to care for the city for many years to come.

Springfield has long been recognized as a community in which the educational facilities are of an unusually high standard. The excellent public schools' program leads the pupil through the primary grades and junior high schools into one of four high schools of excellent standing and character. In Classical High School the curriculum is of an essentially academic character and provides for the continuance of education in colleges and universities. In Technical High School courses are offered leading directly to industrial work or to higher engineering colleges. In the High School of Commerce the pupil is prepared thoroughly for a business career, and in the Springfield Trade High School the pupil is well prepared for skills in industrial employment.

SPRINGFIELD TRADE HIGH SCHOOL

THE QUADRANGLE

The Quadrangle, the historical and educational center of Springfield, is located in the heart of the city. Here the latest books, scientific and historical exhibits, paintings and sculpture can be enjoyed by the public. The Museum of Fine Arts, the Museum of Natural History (with the Seymour Planetarium), the George Walter Vincent Smith Museum, the City Library and the Connecticut Valley Historical Museum are all located in the Quadrangle.

The Springfield Area is stimulating culturally for those who follow the arts. There are varied and numerous painting, dancing and writing groups. Springfield has two symphony orchestras (the Springfield Symphony Orchestra and the Young People's Symphony) and a number of singing groups and choruses. The City Library provides a wide selection of books, pictures, phonograph records as well as many excellent special services for adolescents and children. The city is also served by excellent colleges: Springfield College, American International College, Western New England College and St. Joseph's Normal College. There are also many churches and community civic organizations which serve the needs, beliefs and interests of Springfield citizens.

Springfield has dwelling units for about 50,000 families and has long been known as a community of home lovers. The heterogeneous population lives in a peaceful community. Abundance of water power in the valley has caused the erection of large hydroelectric stations which provide reasonable electrical rates for home owners.

FARM CREDIT ASSOCIATIONS

Since 1917 Springfield has been the northeast headquarters for a cooperative farm credit system which now comprises the Federal Land Bank of Springfield, the Federal Intermediate Credit Bank of Springfield, and the Springfield Bank for Cooperatives. These credit organizations are known as the Farm Credit District of Springfield and they serve the six New England States, New York and New Jersey. As of June 30, 1960, their combined assets were nearly $222,200,000 with outstanding loans to northeast farmers and their cooperatives of about $202,600,000.

INDUSTRIAL SITUATION

The most outstanding characteristic in the industrial growth of Springfield and the surrounding area for over 150 years has been widespread industrial diversification. In 1959, thirty-six manufacturers in the Springfield-Holyoke Metropolitan Area employed 500 or more persons, but none employed more than 3,500 individuals. The metropolitan area's diversification is thus marked by numerous medium and small manufacturers in varied lines. The manufacture of electrical tools and equipment slightly predominates all other types of production. Many of Springfield's factories manufacture products known the world over and spread the city's fame into many lands. Monsanto Chemical products, Bosch magnetos, Smith & Wesson revolvers, Springfield rifles, Milton Bradley games and toys, Breck hair preparations, Buxton billfolds and Absorbine Junior liniment are typical examples.

The city imports most of its basic raw materials and relies upon its ample supply of skilled labor and its native ingenuity to maintain its industrial position.

Freight rates for the shipment of raw materials and finished products permit local manufacturers to compete with manufacturers in other parts of the country.

Springfield is a growing city. Its rolling hills rising from the Connecticut River provide excellent residential sections for new homes. Residents in the "City of Homes" experience typical New England seasons with charming summers and cold winters.

THE SPRINGFIELD (U. S.) ARMORY is located on a rise commanding the city and the Connecticut River. It was established in 1789 by George Washington, and is the home of the famous Springfield and Garand rifles. Basic mechanical skills developed here by generations of metal workers have made Springfield a center of American craftsmanship. The public may visit the grounds and buildings by arrangement with the Office of Public Information.

THE SMALL ARMS MUSEUM at the Springfield Armory was established in 1871 and is considered one of the finest of its type in the world. It has approximately 5,500 small arms ranging from the earliest inventions in the 14th century up to the modern arms of today.

Entrance to the Administration Building, Springfield (U. S.) Armory, whose site was selected by George Washington in 1789.

RETAIL TRADE

In 1960 Springfield had an estimated population of 174,463. Springfield retail sales for 1958 were $256,188,000 and its retailers served a territory containing approximately 693,000. The two main department stores of Springfield do an annual business in excess of $26,000,000. The large proportion of merchandise carried in Springfield stores is of a quality nature.

WHOLESALE TRADE

Springfield is served north, east, south, and west by trunk line railroads and it has consequently become a well-known jobbing center. Stocks carried in Springfield cover practically every well-known product manufactured in the United States applicable to the northern climate. Springfield is the distributing center for all of New England for many items.

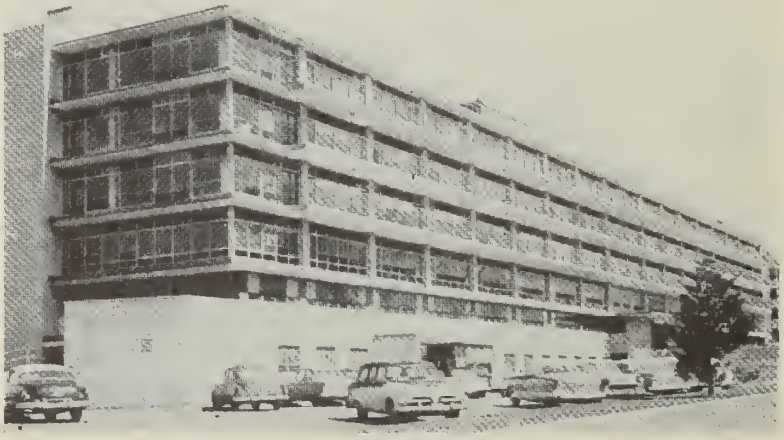
PLANNING

The City Planning Board's work is of outstanding value in its efforts to project and maintain the future development and growth of Springfield.

HOSPITALS

Hospital facilities are excellent with specialists in every medical field. In early 1961 the total number of hospital beds was 1,601, with a potential of 1,777. In the Greater Springfield Area there were 1,854 beds in early 1961. Many of these hospital facilities are modern buildings and all have up-to-date equipment. The Wesson Maternity Hospital was opened in 1953, at a cost of approximately $2,000,000 and the Springfield Municipal Hospital was completed at approximately $9,000,000 in 1954. Springfield also has the Shriners' Hospital for Crippled Children. A considerable number of new beds and facilities are constantly being added to augment the city's medical resources. New construction will add beds to Wesson Memorial Hospital and to Springfield Hospital. Springfield also has outstanding nurse and technical training schools and excellent nursing homes and infirmaries.

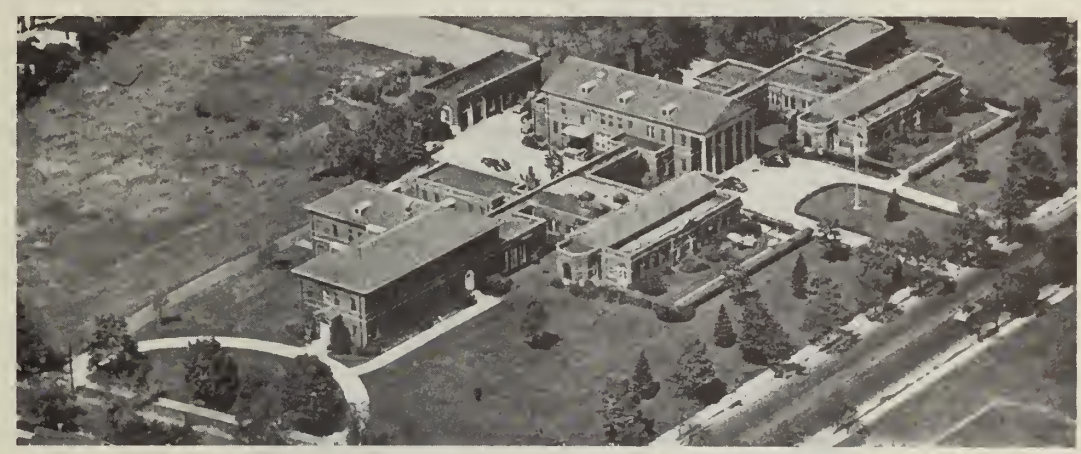
The Springfield Hospital and the new Wesson Maternity Hospital. Springfield Hospital has 431 available beds with a potential of 575 beds. Wesson Maternity now has 90 beds and 106 bassinettes. Other hospitals serving the city are Wesson Memorial Hospital (218 beds, with 32 more beds to be added in early 1961), Mercy Hospital (340 beds), Shriners' Hospital for Crippled Children (60 beds), and Springfield Municipal Hospital (462 beds with a potential of 562).



SPRINGFIELD MUNICIPAL HOSPITAL

SPRINGFIELD MUNICIPAL HOSPITAL is a modern all-glass front hospital which meets the specifications of the United States Public Health Service. It has 562 beds and is operated by a Board of Trustees made up of two doctors from each of the three local general hospitals, five laymen, and Springfield's Commissioner of Public Health. On the staff are a full time house staff and rotating surgeons and specialists in all medical fields. It has all types of operating rooms and laboratories, a large auditorium, three chapels and many other facilities.

The Springfield Public Health Department has an outstanding record of achievement. Health and sanitation are vigilantly guarded and in Springfield's school system the children's health is given careful attention.



The Shriners' Hospital for Crippled Children in Springfield has a 60 bed capacity and serves the New England States together with central and eastern New York State. It is one of seventeen such institutions owned and operated by the Ancient Arabic Order Nobles of the Mystic Shrine.

Children under 15 years of age, regardless of race, creed or color receive excellent treatment at the hospital every year. In 1959, 266 children were admitted and 3,523 examinations and treatments were given in the out-patient department.

The Springfield unit has established an outstanding record since its opening in 1925. Since 1925, 10,239 children have been admitted for treatment and 9,372 patients have been examined and treated in the enlarged out-patient department that has a record of 111,434 out-patient visits.

The hospital operates with a paid staff which includes doctors, nurses, nurses' aides, director, assistant director, brace maker, custodians, firemen, maids, kitchen and dining room personnel, office personnel, x-ray technicians, physiotherapists, occupational therapist, recreational therapist and laundry personnel.

McGown Memorial Library at American International College built in 1949. Known as one of the most modern and well-equipped small college libraries in New England.

CHURCHES

OLD FIRST CHURCH ON COURT SQUARE stands on the site of the original meeting house built in 1645. The present chapel, designed after the manner of Christopher Wren, was built by Isaac Damon in 1819.

PARKS

Mountain Goats from Asia are seen at the Zoo in Forest Park.

Springfield's average of one acre of public parks for every 78 people is well above the nationally recognized standard of one acre for every 100 people. The city offers more than 2,228 acres of park land for its citizens. The largest unit of the city park system is Forest Park (735 acres), one of the foremost natural parks in the country. The park has an outstanding zoo, with a large collection of animals, including lions, deer, monkeys, and birds. It also offers more than 30 tennis courts, a stadium, a ball field, an archery range, a bowling green, shuffleboard courts, and boating and fishing on Porter Lake. There are many beautiful walks and there are numerous secluded tables for picnic areas. Flowers (roses, iris, mountain laurel, rhododendron) are also resplendent in season.

Other parks in the city are Blunt and South Branch Parks and there are smaller recreation areas and parks in the city which contain picnic groves, play equipment and nature trails.

SPRINGFIELD GOVERNMENTAL DIRECTORY

Engine Company No. 5 — Indian Orchard. Triple Combination Motor Driven Pumper, motor driven combination hose car and motor driven 65' aerial ladder, 1-2 wheel dump gun, and 1 ambulance.

Hose Company No. 6 — Located at 25 Mill. Motor driven combination hose car.

Hose Company No. 7 — Located at Taylor. Motor driven hose car, 1 spare 85 foot tractor drawn ladder truck.

Engine Company No. 8 — Located at Winchester sq. Triple Combination Motor Driven Pumper, motor driven combination hose car, 1 Dist. Chief's car, 1 spare Dist. Deputy's car.

Engine Company No. 9 — Located on Armory. Triple Combination Motor Driven Pumper, motor driven combination hose car.

Hose Company No. 10 — Located cor. Main opp. E. Hooker. Motor driven combination hose car, Triple Combination Motor Driven Pumper, 1 spare car for Districts Chief.

Hose Company No. 13 — Located cor. Pine and Cedar. Motor driven combination hose car, 1 spare hose wagon, 1 spare Triple Combination Motor Driven Pumper.

Auxiliary Squad B — Located cor. Pine and Cedar. Squad Wagon.

Pump Company No. 12 — Located at 1265 Parker. 1 Triple Combination Motor Driven Pumper.

Pump Company No. 14 — Located at 1045 Sumner av. Triple Combination Motor Driven Pumper.

Pump Company No. 15 — Located at 883 Page blvd. Triple Combination Motor Driven Pumper.

Pump Company No. 16 — Located at Massreco. Triple Combination Motor Driven Pumper. Spare 85 ft. Aerial Ladder.

Truck Co. No. 1 — Located at 86 Court. Tractor drawn 100 ft. aerial ladder.

Truck Co. No. 3 — Located on Oakland. Gasoline tractor drawn 75 ft. aerial ladder truck.

Truck Co. No. 5 — Oak, I.O. Motor driven 65' aerial ladder.

Truck Co. No. 6 — Located on Mill. Gasoline tractor drawn 85 ft. aerial ladder truck.

Truck Co. No. 8 — Located at Winchester sq. Tractor drawn 85 ft. aerial ladder truck.

Truck Co. No. 9 — Located on Armory st. Gasoline tractor drawn 85 ft. aerial ladder truck.

Truck Co. No. 10 — Located cor. Main and Hooker. Gasoline tractor drawn 85 ft. aerial ladder truck.

Truck Co. No. 13 — Located cor. Pine and Cedar. Gasoline tractor drawn 85 ft. aerial ladder truck.

Weekly wages and salaries of company members are as follows — Firefighters: minimum, $87.20, maximum, $100.80; Lieutenants: minimum, $106.00, maximum, $111.20; Captains: minimum, $116.80, maximum, $122.80; District Fire Chief: minimum, $128.80, maximum, $142.00; Deputy Fire Chief: minimum, $149.20, maximum, $164.80; Fire Chief: minimum, $182.00, maximum, $221.20.

MUNICIPAL WATER WORKS

The works are in charge of a board of Water Commissioners consisting of John D. B. MacMillan, Chairman; Charles V. Ryan, Jr., Mayor; Thomas P. Kosnack; Martin J. Shaugnessy, Superintendent; clerk and water registrar, John W. Costigan; Peter C. Karalekas, chief engineer. Office, (319) City Hall, Service building and Yard, 71 Colton. Office hours 8:15 a.m. to 4:45 p.m., Monday thru Friday. Telephone: (applications and information) RE 6-2711; (work and trouble calls, day or night) RE 2-5188. The supply of water is taken from the Little River watershed (situated principally in the towns of Blandford, Granville and Russell) and by means of the following storage structures:

	Capacity in Gallons.
Borden Brook Reservoir (impounding)	2,500,000,000
Cobble Mt. Reservoir (impounding)	22,829,000,000
Intake Reservoir (diverting)	40,600,000
Sedimentation Basin (before filtering)	38,700,000
Provin Mountain Reservoir (after filtering)	29,280,000
Total	25,437,580,000

The former supply from impounding reservoirs in Ludlow and Belchertown is also retained at present for towns of Ludlow and Wilbraham and for emergency uses, and with its storage capacity of 1,434,-218,000 gallons make an aggregate capacity of 26,871,798,000 gallons.

Range of pressure on mains for day and night, as follows: Main street level, maximum, 147 pounds, average, 140 pounds. Hill section level maximum 87 pounds, average, 80 pounds.

The entire supply of city water to any premises is furnished by meter only and at meter rates; the necessary meters are installed by the water department at expense of the consumers for the initial cost of the meters and connections only.

The cost of ordinary care and repair of all meters is borne by the water works; the cost of unusual repairs (necessitated by freezing, hot water, etc.) due or attributed to any carelessness, or neglect on the part of the consumer, will be charged to the consumer or owner.

METER RATES

(Subject to all rules and regulations)

For each 100 cubic feet (748 gallons) of water as registered or estimated for each meter the rates shall be as follows:

Quarterly for each meter 1 to 5,000 cu. ft., .24 cents per 100 cu. ft., 5,000 to 60,000 cu. ft., .16 cents per 100 cu. ft.; all over 60,000 cu. ft., .09 cents per 100 cu. ft.

The minimum quarterly waters charges for each meter will be as follows:

Meter Size Min. Quarterly Chg.		Meter Size Min. Quarterly Chg.	
½" and 5/8"-	$ 2.50	3"-	$ 25.00
3/4"-	3.00	4"-	50.00
1"-	5.00	6"-	100.00
1 1/4"-	8.00	8"-	150.00
1 1/2"-	9.00	10"-	200.00
2"-	15.00		

Fire Line Meter (All Sizes, 6.00)

Each quarterly period will be computed and charged for independently of any other quarterly period and the rates therefore shall be paid accordingly.

When a meter from any cause fails to register the consumption of water, the quantity shall be estimated and the charge made based upon the registration by the meter when in order or upon the registration for corresponding prior quarter or period.

Miscellaneous and Temporary Uses—In certain cases of miscellaneous and temporary uses of city water, where the quantity may be small, the charge for the same may be estimated instead of being shown by meter, at the discretion of the Water Registrar and the Supt.

The Water Registrar shall have the right to require an advance deposit as security for the payment of water bills, when he shall consider it for the interest of the city to do so; such deposit not to exceed a year's minimum rate for the property to be supplied or a reasonable estimate of the probable annual amount of such bills.

All bills due the City on account of the Municipal water works shall be payable at the office of the City Collector, Room 137, Municipal Building, Court and Pynchon streets within twenty days after the same are rendered and become due.

Inquiries and claims for correction should be made at the office of the Water Registrar, Room 319, Municipal Building.

Delinquent water bills are a lien on real estate.

PUBLIC SCHOOL SYSTEM

School Board — Charles V. Ryan, Jr., Chairman; Mrs. Dorothy S. Robinson, Vice Chairman; Robert T. Bogan, Romeo J. Cyr, William D. Davidson, Theodore E. Dimauro, Mrs. Mary M. Lynch; Rena M. Card, Sec.

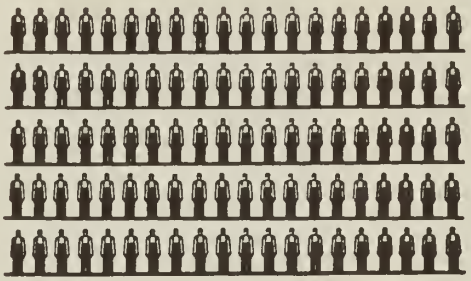
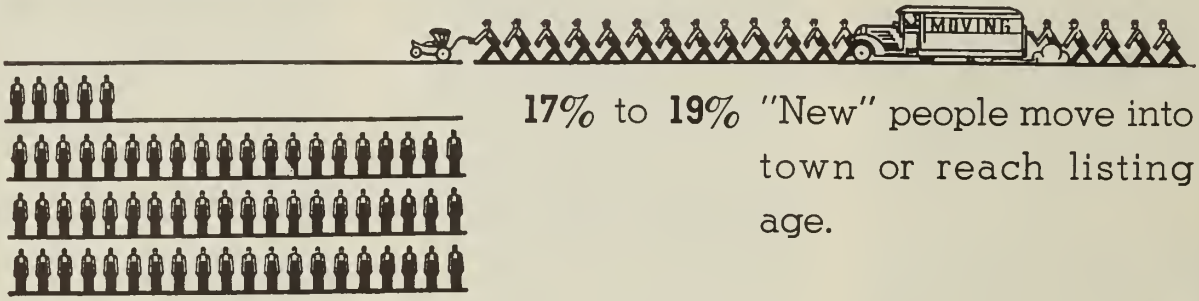
HOW MANY CHANGES IN A YEAR?

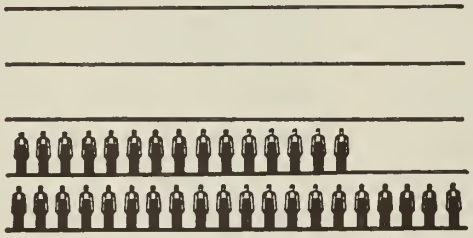


Out of every **100** People as listed in the last Directory

16% to **18%** Move away or die



17% to **19%** "New" people move into town or reach listing age.



(All that's left that's good)

26% to **29%** More change their addresses or their jobs or some other vital fact that affects their listing.

Making a total of **59%** to **66%** of the People listed who have new information in some particular which can be surely found only in the **NEW DIRECTORY**

Note: These figures are from repeated checks in numerous cities and do not vary 5% in any one year.

THAT IS WHY NEW DIRECTORIES MUST BE PUBLISHED EVERY YEAR.

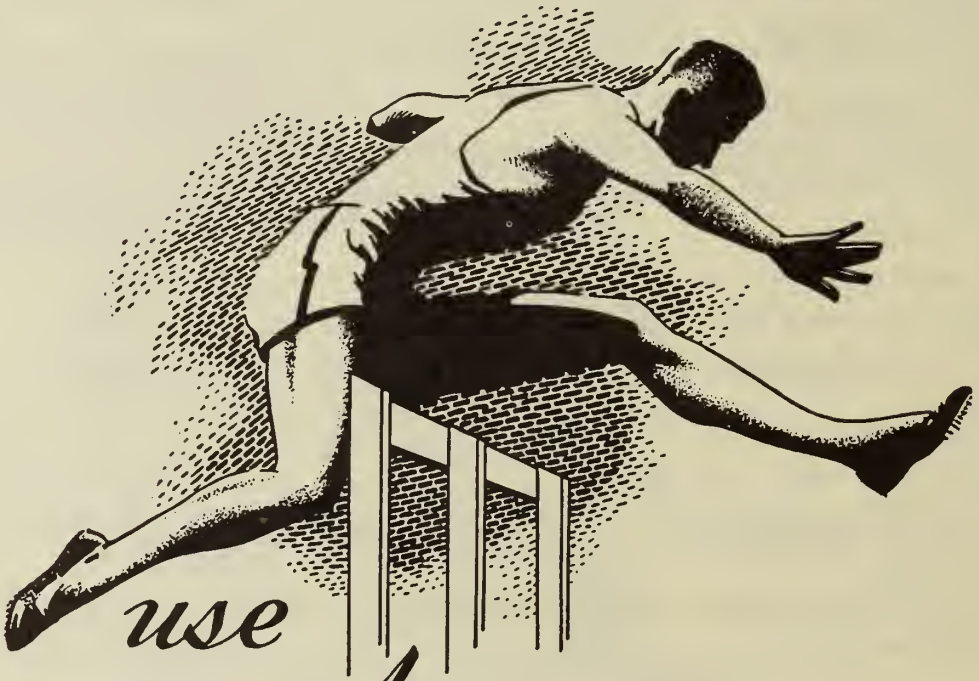
MEMBER ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS

High Hurdles. . . .

In business as well as in sports there are High Hurdles to overcome. Your ad in the Directory, where multitudes will see it, will help to overcome many of the business hurdles.



use

DIRECTORY

Advertising

THE LARGEST LETTERSHOP IN WESTERN MASSACHUSETTS
SERVING BUSINESS AND INDUSTRY OVER A QUARTER CENTURY

• ADDRESSING — MAILING LIST
• COMPLETE MAIL ADVERTISING SERVICE

ADVERTISERS WHO KNOW

That which makes any advertiser's approval worth while is the prominence he has attained in his particular line of work.

The *advertisers in the Directory* are competent judges on the subject of advertising mediums — the fact that they approve of *Directory advertising* is evidenced by their continued patronage.

I AM

I sit in the castles of business and at the hearthstones of many homes, mighty in my power to serve.

Through me is the power to make people talk with intelligence concerning their communities.

With extended hand I guide the wearied traveler, and to others shorten the distances between destinations.

In me abides the essence of democracy, as side by side is found all nationalities, rich and poor alike.

With uncanny certainty I unite long-lost friends and make glad the missing heirs.

Through me are protected the law-abiding by tracing the criminal to his hiding place.

Through me, in the friendliest way, new trade channels are opened.

I am the key that unlocks the gate to what your community is, for all who would pass its portals.

Gas

THE MODERN INDUSTRIAL, COMMERCIAL and RESIDENTIAL FUEL

Operation of a modern plant or store requires top grade services — they are important to profits, employee morale and customer satisfaction. Gas is the modern fuel for heating, air conditioning, water heating and various special uses. Gas can make money and friends in the long run — that's the reason why so many businessmen are including Gas equipment in their remodeling or building plans.

Your home, the house where your family can live and enjoy modern comfort in safety is an important mark of a man's success. It is natural that Gas, the modern fuel, is preferred for so many uses. "Only Gas is better, faster, cheaper" — and service is free.

For business and home, get the facts about Gas, for . . .

- **Central heating** — clean, silent, service free
- **Air conditioning** — modern, efficient, simple
- **Incineration** — fast, clean, inexpensive
- **Refrigeration** — quiet, dependable, economical
- **Water heating** — low cost, fast, effective
- **Space heating** — portable or stationary, economical
- **Cooking** — fast, modern, dependable
- **Special uses** — call us for any special fuel problem you have—our engineering department is at your service to help you get the best answer

LENOX
THE TOOLS IN THE PLAID BOX

BAND, HACK & HOLE SAW BLADES • FILES GROUND FLAT STOCK

"ENGINEERED PERFORMANCE" might be the title of the story of the American Saw & Mfg. Company, founded in 1915. From the early years, when LENOX tools were skillfully hand-crafted, to today's enormously efficient, automatic production facilities, no effort has been spared by American Saw to produce the best metal cutting tools of their types on the market. LENOX engineers are constantly developing and improving products for the metal-working industry, and specially designed machines maintain the closest possible tolerances during the manufacture of these products.

BANDS — used in contour sawing, production cutoff work. *Regular* – standard, carbon-steel blade, precision-milled for clean, straight cuts. *Master-Band* – alloy-steel blade, claimed by users to outlast four-to-eight regular blades; cuts tough steel alloys. *High Speed Steel* – long-wearing, high-speed steel blade for heavy-duty, precision cutting.

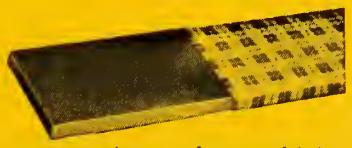
HAND HACKS —

used in tool rooms, maintenance work, installation work. *Hackmaster* – unbreakable, high-speed steel blade; teeth hardened to extreme toughness. *Mo-Speed* – high-speed steel blade for clean cutting through toughest steels. *High Speed Steel* – high-speed steel blade for special applications. *Standard* – carbon-steel blade, all-hard or with flexible back.

POWER HACKS — used in heavy production work. *Hackmaster* – shatterproof blade with high-speed steel cutting edge for toughest materials. *Mo-Speed* – rugged, high-speed steel blade, effective in heavy duty work with close tolerances. *High Speed Steel* – high-speed steel blade for special applications.

HOLE SAWS — used in metal-cutting, electrical, plumbing automotive trades. *Welded-Edge Shatterproof* – shatterproof blade capable of cutting clean, round holes in any machinable material; high-speed steel cutting edge welded to tough, alloy-steel back.

FILES — complete, *Grade A* line to meet industrial and consumer requirements. *American Pattern* – cutting surfaces, shapes, and sizes to fit every type of filing application. *Curved Tooth* – wide selection for surface finishing; effective wherever a smooth finish is required on sheet steel, stainless steel, aluminum, and other metals.



GROUND FLAT STOCK — for eliminating expensive machining and grinding operations. *Precision-Master, Oil Hardening* – quality tool steel for heat-treated parts; retains close tolerances. *Air Hardening* – wear-resistant, free-machining stock for heat-treated parts. *Low Carbon* – cost-saver for making up tools, jigs, dies, and machine parts not heat-treated.

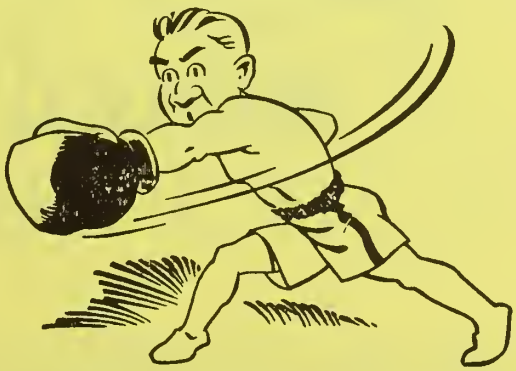
ADVERTISING *with a* PUNCH....

It's the punch that counts — in the right place. Your ad in the DIRECTORY will deliver the right punch in the right place.



High Hurdles. . . .

In business as well as in sports there are High Hurdles to overcome. Your ad in the Directory, where multitudes will see it, will help to overcome many of the business hurdles.
